

AVANTIA

One contact. Fewer supplier calls.

Send Avantia your material list or supplier quote on WhatsApp ↗

Your materials and site services. One phone number.

-  One supplier contact
-  Reorder through WhatsApp
-  Compare quotes / negotiate bulk pricing
-  One payment to Avantia. We pay your suppliers.
-  Store doesn't deliver? We arrange delivery.
-  Urgent material needs? We help source them.

Takeoff & material cost check

Starting at \$99

Estimate quantities and costs for materials you're buying—or understand the material portion of your subcontractor's quote.

Get supplier quotes

Free

Send us your material list or supplier quote. We compare matching materials across suppliers and negotiate bulk pricing.

Order through Avantia

Our price or 5% of the purchase

Your material concierge—one contact to arrange approved purchases, supplier payments and delivery coordination.

Shortages & reorders

Flat \$75

Send us what's missing—or have your sub contact us directly. We handle the approved order.

|--------------------------------|------------------------------------------------------------------------|----------------------------------------------------------|------------------------|------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| Plans                          | Blueprints, designer plans, survey copies                              |                                                          | ✓ Shortages & reorders | ✓ Frequent reorders<br>✓ Missing materials / documents<br>✓ Overpaying / unclear pricing | Get the copies you need without arranging each print run yourself.                                             |
| Site setup                     | Fencing, security, storage, temporary power, toilets, generator & fuel |                                                          | ✓ Shortages & reorders |                                                                                          | Keep site essentials organized without calling a different provider for each item.                             |
| Waste                          | Dumpsters, bags & gloves                                               |                                                          | ✓ Shortages & reorders |                                                                                          | Request dumpster bookings and repeat supplies through the same contact.                                        |
| Foundations                    | Sump pumps, piping & insulation                                        | ✓ Takeoff & material cost check                          | ✓ Shortages & reorders |                                                                                          | Understand the material portion of your sub's quote and which purchases are left to you.                       |
| Framing                        | Lumber, beams, steel, sheathing & hardware                             | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Your framer sends us the missing-material list. You do not have to relay it between the framer and lumberyard. |
| Roofing                        | Roofing package, membranes, flashing & vents                           | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Get the roofing package priced together, with accessories accounted for before ordering.                       |
| Openings                       | Windows, garage doors & exterior doors                                 | ✓ Takeoff & material cost check<br>✓ Get supplier quotes |                        |                                                                                          | Let us handle supplier questions so you only step in for the decisions that need your approval.                |
| Exterior                       | Siding, trim, stucco/stone & gutters                                   | ✓ Takeoff & material cost check<br>✓ Get supplier quotes |                        |                                                                                          | Keep exterior material packages organized across suppliers and trades.                                         |
| Plumbing, Electrical & HVAC    | Boilers, plumbing fixtures, lights & thermostats                       | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Know what your trades include and get help sourcing the materials left to you.                                 |
| Sheetrock                      | Boards, screws, tape & compound; boom delivery                         | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Get boards and installation supplies arranged together, including boom delivery when needed.                   |
| Tile prep                      | Waterproofing, thinset, cement, sand & mesh                            | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Get the installer's supporting materials together without shopping at several stores.                          |
| Flooring                       | Wood flooring & installation supplies                                  | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Keep approved flooring quantities and installation supplies in one order plan.                                 |
| Doors & trim                   | Interior doors, locks, hardware & millwork                             | ✓ Get supplier quotes                                    | ✓ Shortages & reorders |                                                                                          | Keep measurements, doors and matching hardware together instead of managing separate purchases.                |
| Paint                          | Paint & preparation supplies                                           | ✓ Get supplier quotes                                    | ✓ Shortages & reorders |                                                                                          | Reorder the painter's approved products without rebuilding the list each time.                                 |
| Appliances                     | Kitchen & laundry appliances                                           | ✓ Get supplier quotes                                    |                        |                                                                                          | Compare the same appliance models across suppliers without making every call yourself.                         |
| Outdoor                        | Pavers, sand, decking, concrete & pump                                 | ✓ Takeoff & material cost check<br>✓ Get supplier quotes | ✓ Shortages & reorders |                                                                                          | Arrange materials, concrete and pump bookings through one contact.                                             |
| Additional services / packages |                                                                        |                                                          |                        |                                                                                          |                                                                                                                |
| Surveys                        | Stakeout, benchmark, foundation, framing & final surveys               | ✓ Order through Avantia                                  | ✓ Shortages & reorders |                                                                                          | Keep survey appointments and report requests with one contact.                                                 |
